

Annual List of External Reviewers and Panel Members – 2024

During 2024, the European Science Foundation has processed over 5 400 research proposals and fellowship applications, assessed by more than 12 000 external reviewers and panel members. To recognize the valuable efforts of these individuals, we publish an annual list of experts who provided a review or participated in a panel meeting and who agreed to have their names published.

Professor	Michele	AARON
Professor	Jos	AARTS
